Kwantlen Student Association Joins CASA

SURREY, BC – The Kwantlen Student Association is excited to announce that the Student Council recently voted to join the Canadian Alliance of Student Associations (CASA). Last year, KSA used CASA's "Get Out the Vote" campaign to engage students in the federal election process. CASA offers opportunities for students to engage in federal issues with other students. They publish policy papers, support campaigns, and host several conferences a year. Students wishing to be involved with CASA should reach out to the KSA executive.

"Having been involved with CASA in various capacities over the past few years during my time at the KSA, I could not be more happy to finally be a member of CASA and I am more than confident in the work they do and am excited to see our relationship with them foster," states David Piraquive, KSA president.
