1.0 Principal Statement

The Kwantlen Student Association (KSA) is committed to improving the lives of KPU students by offering a subsidy to the KSA members who are experiencing financial or personal hardships that impedes their access to education. All KSA members paying their MultiPass fees are eligible to apply for the KSA Hardship Bursary if they are able to demonstrate financial hardship or significant personal obligation. Those applying for the KSA Hardship Bursary are eligible to receive a partial MultiPass subsidy (2 months) or a full MultiPass subsidy (4 months). Once the final date for the application submission passes, the KSA Bursary administration will review all applications.

2.0 Background

The U-Pass BC is a program offered to all public post-secondary schools in Metro Vancouver by TransLink and the provincial government. All eligible students at participating schools are included in this program, and in turn are provided unlimited access to public transit within the TransLink service region. Eligible KPU students pay a monthly U-Pass BC program fee and an additional \$10 for the MultiPass fee to fund additional programs and services. These fees have been accepted by students through a student referendum.

The U-Pass BC program sets out strict eligibility requirements. By design, most students are eligible and must pay the fee. There are limited exemption criteria and the University administrates exemption applications.

The KSA recognizes that not all students meet the exemption criteria, but they require assistance due to financial hardships or personal obligations. The KSA started the MultiPass Hardship Bursary to support these students. Students that who can demonstrate financial hardship or significant personal obligation are eligible to receive a full or partial MultiPass Bursary that effectively reimburses their MultiPass fees without removing their access to the Multipass benefits/services.

3.0 Process

All applicants applying to the KSA Hardship Bursary must apply by the application deadline which is generally set for the first Friday of the second month of the semester. The deadline will appear on the Hardship Bursary application form, which is updated each semester and available through the MultiPass website.

As stated on the application form, students applying must include the following items:

- A personal statement detailing the situation in the context of either financial hardship or personal obligation
- Supporting documents for financial hardship or personal obligation as outlined in the application
- Printed copy of the applicant’s MultiPass Eligibility for the applied semester

All applications must be submitted in person or by mail to any of the KSA Member Services locations or the KSA office in Surrey as stated on the application form. Applications received by emails may be accepted in extenuating circumstances when approved by the KSA MultiPass team. All applications are kept in safe storage and strict confidentiality of applicants’ personal information is maintained.

Once all applications are received, and the final date for application submissions has passed, the KSA MultiPass team reviews all applications. Each application is reviewed based on the criteria set out in Section 6.0 Requirements, and the amount of funding available. Only successful applicants will receive a full or partial subsidy. All applicants will be notified via email regarding the final decision on their application and successful applicants will be reimbursed by cheque mailed to the address provided. Decisions on all applications submitted before the submission deadline will be made by the end of the second month of the semester and cheques will be sent out within 1 month of the submission deadline.

There are some key differences in the way the KSA Hardship Bursary and the U-Pass exemption are administered. These differences are highlighted in the table below.

Element	KSA MultiPass Hardship Bursary	KPU U-Pass Exemption
Application format	Hardcopy	Electronic
Fees	Students pay MultiPass fees in full and successful applicants are sent a cheque	Fees removed from tuition money owing
Level of reimbursement/subsidy	Full or Partial	Full only
Using MultiPass benefits/services	Successful applicants can still use their U-Pass and other MultiPass benefits/services	Students cannot access a U-Pass and are ineligible for some MultiPass benefits/services
